Representative offices abroad

Bavaria's international representative offices - Contacts all over the world

Since the mid-1990s, the State of Bavaria has been creating a global network of international Bavarian offices. Bavarian representatives are available to Bavarian companies as German-speaking on-site contacts and contact enablers, thereby supporting them in developing new export markets as well as in setting up and expanding sales structures abroad.

Within the scope of "Invest in Bavaria" business location marketing, the international Bavarian offices advertise Bavaria as a high tech location and advise potential investors.
